## PROJECTS

---

### Personal Portfolio

May 2024 - June 2024

- Developed a personal portfolio website using HTML, CSS, and JavaScript.
- Showcased my skills, projects, and contact information through a clean, responsive design.
- Ensured cross-browser compatibility and mobile responsiveness.
- Hosted the portfolio using Github for reliable and fast hosting.
- Live Demo: <https://sriram1403.github.io/>

## Flowers E-commerce Website

May 2024 - June 2024

- Developed a single-page e-commerce website for selling flowers using HTML, CSS, and JavaScript.
- Designed and implemented sections for Home, About, Products, Reviews, and Contact, ensuring a cohesive and visually appealing layout.
- Created a responsive design to provide an optimal user experience across various devices and screen sizes.
- Deployed the e-commerce website on Netlify for seamless and scalable hosting.
- Live Demo: <https://blossom-haven.netlify.app/>

## Banking Application

Jan 2024 - Feb 2024

- Developed a comprehensive banking application using HTML, CSS, JavaScript, Java, Spring Boot, and MySQL.
- Designed and implemented user registration, login, and logout functionalities to ensure secure access.
- Created features for depositing, withdrawing, and transferring amounts, providing a seamless banking experience for users.
- Utilized Spring Boot for building the back-end services and MySQL for database management.
- Github link: <https://github.com/Sriram1403/bankingapplication>

## Quiz Application

Mar 2024 - Jun 2024

- Developed a quiz application using Java and Spring Boot for the back-end services.
- Designed and implemented RESTful endpoints for managing quiz questions and quizzes.
- Created functionalities for adding, fetching, and deleting quiz questions, as well as creating, retrieving, and submitting quizzes.
- Utilized Spring Boot for building the back-end services and ensured proper response handling.
- Github link: <https://github.com/Sriram1403/quizapp.git>

## CERTIFICATIONS & TRAININGS

---

- Successfully completed Java on Sololearn in December 2021.
- Passed "java(Basic)" Skill test on HackerRank in April 2022.
- Passed "SQL(Basic)" Skill test on HackerRank in April 2022.
- Successfully completed Basics of Git on SimpleLearn in April 2022.
- Successfully completed 5 Days Html and Css Bootcamp on Lets Upgrade in September 2022.
